REVIEW OF FOUNDATION CONTRIBUTIONS

2009
About the Kirkland & Ellis Foundation

Founded in 1982, the Kirkland & Ellis Foundation was created for the purpose of providing financial support to charitable and law-related organizations that serve a wide range of initiatives. The Foundation’s beneficial impact is felt in the United States and abroad, with financial participation from Kirkland & Ellis International LLP. Annual contributions from Kirkland partners fund the Foundation. Employees, associates and partners of the Firm can also have charitable contributions matched through the Foundation’s Employee Matching Program.

The Kirkland & Ellis Foundation is committed to helping hundreds of charitable efforts succeed every year. Giving efforts are principally focused on groups that help improve the administration of legal services. Additional funds are donated to organizations committed to improving the quality of life through enhanced emergency relief, legal assistance, community services, green projects, cultural awareness, healthcare initiatives, youth programs, education opportunities and diversity sensitivity. This booklet offers a glimpse into the wide variety of initiatives to which the Foundation offered financial support in 2009. We consider it an honor to partner with these and other organizations that provide exceptional services to the world’s communities, in the same way that Kirkland has provided high-quality legal services to its clients for more than 100 years.
Kirkland Fund for Haiti Earthquake Relief

On January 12, 2010, an earthquake with a magnitude of 7.0 hit the capital of Haiti. In response to many inquiries by Kirkland’s attorneys and staff, the Kirkland & Ellis Foundation — in conjunction with the Kirkland & Ellis International Foundation — created a matching fund to help earthquake victims. Employee contributions, together with the Foundation’s matching amount, raised hundreds of thousands of dollars to benefit two organizations: Red Cross International Response Fund and Grace House of Hope.

- Founded in 1992 by Ms. Marie Major, Grace House of Hope has served as the home for numerous orphaned and abandoned children in the outskirts of Port-au-Prince, Haiti. Grace House includes two orphanages, one being home to 33 girls ranging in age from two to 15 and the other being home to 35 children ranging in age from five to 15, as well as an on-site school that provides daily food and education to more than 200 children from the community.
